

GROUND MAINTENANCE

Dear Members,

In an effort to ensure the proper upkeep and maintenance of our grounds, please be informed that effective 12th January, no sporting activities/use will be permitted on the ground from 5.00 pm Sunday until 5.00 pm Monday every week. This measure is necessary to facilitate proper maintenance work, which will help maintain the quality of our ground as per the expectations set out by the field sports secretaries. Any exception will necessarily need to be intimated in advance through the concerned Sports Secretary.

We request your co-operation in adhering to this schedule. We appreciate your understanding and support in keeping our grounds in top conditions for all members to enjoy.

Inconvenience is regretted.
